## ATROCITIES ARE CHARGED TO THE MEXICAN REBELS

Wounded Constitutionalists, it is Reported, Are Put to Death on the Field

### ESTIMATES OF WOUNDED ARE NOT YET AVAILABLE

**Advantage in Siege of Nueve Laredo Seems to Rest With Federal Defenders**

By Bulletin Leased Wire.

LAREDO, Texas, Jan. 2.—While the desultory fighting tonight was indecisive, what was advanced there was at the end of the day that battle in the siege of Nueve Laredo, Mexico, seemed with the federal defenders of the town. The advantage of the moment's encirclement today, a constitutionalist gun detachment of 100 men was dislodged from its position late yesterday afternoon, and the rebels fled after 35 of them had been killed. The number of dead, however, was not known.

#### Promises Vigorous Siege.

Estimates of the wounded were available, but the main line of the besiegers' tanks was unbroken and the government troops held their position. There was no news of the day's delay in the arrival of artillery detachments. They said they would promptly resume their assault indefinitely and pronounced a more vigorous attack when the artillery arrived.

Seven constitutionalists were said to have been killed and 10 wounded, while 100 rebels were reported as having suffered "a warning." It was also reported, but not confirmed that the federal had put to death 100 constitutionalists left lying on the field.

#### Advantage in Siege of Nueve Laredo Seems to Rest With Federal Defenders

One set of barracks was witnessed from the American side of the river. A captured constitutional was taken up with a rope to the tail of a wild horse, which was then sent plunging across the plain, dragging the body behind. The prisoner had been shot in the head, but, though he was dead, some one said he was the incident, said that the man's head had been cut off before his body was tied to the tail of the horse.

Another story in the town said that a wounded constitutionalist, his arms tied behind his back, and his knees tied to his body, was spitted through the spine, paraded in front of the federal line.

It was learned that the federales are maintaining a vigilant border patrol on the Mexican side and that no Mexican citizen is permitted to cross the border.

### POLICE OFFICIALS, HE SAYS, OFFERED TO FREE HIM FOR \$5,000

By Bulletin Leased Wire.

NEW YORK, Jan. 2—John Montana, now serving a sentence of from ten to eighteen years in prison for a \$25,000 tax-shield robbery in 1912, has laid charges before a New York court that two police officers after his arrest offered to free him of the charge in return for \$5,000. Mr. Montana, in his statement, told the court that the constable related it to him last Saturday in Sing Sing.

In his story of the alleged bribe, offered by two police officers, one of whom testified he was convicted made exonerating him and sending him to Sing Sing, he said:

"In his story of the alleged bribe, offered by two police officers, one of whom testified he was convicted made exonerating him and sending him to Sing Sing,

he said:

"I am negotiating to settle big strike."

HUGHTON, Mich., Jan. 2—Perry Deneumers, president of the miners' association, who has been in the copper strike since it began, said today that his organization had reached an important agreement term union with the miners of the copper strike.

The miners' association, he said, had agreed to give up its demands for a minimum wage of \$1.25 per hour.

"I am negotiating to settle big strike," he said.

## In the Realm of Women BY PENELOPE

Miss McKechnie has gone to Rockester, Minn.

Major Griswold leaves Saturday night for Ottawa.

Miss Rita Thompson is leaving on Monday for Red Deer to attend conference.

Mrs. James Douglas leave shortly for California to spend some time with her son, Mr. Roger.

Mr. and Mrs. John Kelly, 527 Ross, left Saturday evening for medical treatment for heart trouble, Misses where Mrs. Kelly will undergo an operation at May's hospital.

Mr. and Mrs. W. C. Morris took a grand tour to the King Edward from the last portion. The party included Miss Maxine Morris, Misses Bassett and Lydia Scott, Dr. Scott, Mr. Chapman, Rev. Dr. Scott.

Mr. and Mrs. J. M. Malone entertained delightfully on New Year's Eve. A gold candleabra alight with candles was a dazzling centre piece. The room was decorated with a short black net umbrella Japanese red sofa. The antique piano was used and Mr. Archibald, Mr. and Mrs. Percy Barnes, Mr. and Mrs. James Smith.

Col. and Mrs. Jamison entertained at a smart little dinner party at the Sherrick on New Year's night.

Holy and crimson shaded candle contrasted gaily with the snowy damask. The evening sped away in old fashion.

The guests included Mr. and Mrs. W. C. Cauley, Mr. and Mrs. Calderon, Mrs. Dawson, Mr. Charles Cauley.

Mr. and Mrs. Goldwin Kirkpatrick were the hosts of a gay New Year's party on New Year's Eve, prior to the ball powder.

Red and crimson marcese artfully arranged, centred the table.

The guests included Mr. and Mrs. Jack Anderson, Major and Madame Thompson, Mr. and Mrs. Soshel, Mr. Irene McLeod, Mr. Thaddeus.

One of the delightful features of New Year's day was the reception of the officers of the 1913 Alberta Dragoons at the home of Mr. and Mrs. John Edward Edwards' parties celebrating the occasion in their "pompously."

The decorations were a picture—a picture church, brilliantly illuminated with light on all the gaily draped walls. The red and crimson flowers,センターフラワー, thoughts in every word. At midnight the lights were dimmed and the room was transformed from the scenes of merrymaking. Then Mr. Hendrie, in his own finished style, the surprise party here was a lovely little one given by Mr. and Mrs. Lorrie V. V. The guests included Mr. and Mrs. Kenneth Thompson, Miss Goom, Mr. W. Owen.

Mr. and Mrs. McCulla entertained at a bright little supper on the same night. The guests included Mr. and Mrs. Galloway, Mr. and Mrs. Ferguson.

"Let's be gay while we may" was the general mood yesterday. The girls had great expectant faces, reوارے, candlelight and blazing fires. And certainly the girls of creation were gay. The young girls, trim and trim, forgotten in their round of calls. If Mrs. Edmonton were as attractive as she is, the world would be a better place to live in.

Balance of our Gloves in Perrin's and Dent's, made in the best of the market afford. We sold them as high as \$2.00. For our last day they will go at

Dr. and Mrs. S. Archibald, South side, entertained at a jolly little supper party on New Year's Eve. The hostess chose a red and crimson theme, vanity piece, very becoming. Holly and red shaded candles evinced the holiday spirit.

The guests included Mr. and Mrs. Mervyn Hay, Mrs. Dowdes, Mr. and Mrs. Kinnear.

Afterwards the party went on to Mrs. J. J. Duggan's to join in the revelry there.

Mr. and Mrs. J. J. Duggan invited some friends to join them on New Year's Day. The party, composed of about 20 persons, was gladly greeted.

The hostess wore smart black satin, crimson and white lace. Her cards added their touch of charm. After supper old fashioned cottons and dances carried grown up back to Government House. H. R. Holland, Geo. Steckland, Harold Macmillan, Col. J. P. Macmillan, Mr. Marriott, Mr. and Mrs. James Douglass, Mr. and Mrs. J. J. Duggan, Mr. and Mrs. O. Bush, Mr. and Mrs. P. Boles, Douglas, Mrs. Skinner, Mr. and Mrs. McLean, Mr. and Mrs. Harry Wilson.

Mr. and Mrs. Kenneth Macdonald were the hosts of a gay New Year's party on New Year's night. Yellow varnish covered the table. The dinner was

## LOU NORDYKE WILL MANAGE EDMONTON TEAM IN SEASON OF 1914

**ATHLETICS  
THE RING  
BOWLING**

### NORDYKE ESKIMOS' MANAGER

Famous Coast Player Accepts Terms with Edmonton Club For 1914

### NEGOTIATIONS HAVE BEEN LONG UNDER WAY

New Manager Has Been Most Popular and Efficient Player in Northwestern and Coast League Teams During Past Ten Years—Should be Decided Success

Lou Nordyke will manage the Edmonton baseball team in the season in 1914. Notice of the acceptance of terms with the Edmonton club by him was given out by Deacon White at a late hour last night.

Nordyke has for the past ten years been the most popular player in the Northwestern league, and during his long term with it and the Coast league he has proven himself one of the most effective first basemen playing ball on the Pacific. Since he went to the coast clubs he has over 300, and his fielding has been of stellar brand.

Deacon White selected him because he had a lot of experience. As far as his play goes he is not enough for this league although not as fast as a few years ago. In addition to his playing ability he has had an experience in baseball that especially fits him for a managerial position.

Nordyke has had a try with St. Louis several years ago and early in the season broke his leg, compelling him to drop out and go back to the minors again. Last year he played with Vancouver.

#### COSMOS SMOKE TONIGHT

The Cosmos Athletic Club, a new-formed organization in the city for the holding of amateur basketball and fencing meets, will hold its first smoker this evening, starting at nine o'clock. The program will consist of various kinds of entertainment events is scheduled to follow.

Mr. Berthemy, a Belgian swordsmen, who has won many medals and titles, will have a swordsmanship demonstration during the next few weeks engaging a number of hours with the men and women fencers and spectators, and challenges anyone in the city to meet him. Mr. Berthemy is a master of the sword, and fencing instructor for

NEW EDINBURGH'S WIN.

By Bulletin Leased Wire.

OTTAWA, Jan. 2.—In the opening game of the inter-provincial amateur basketball championship New Brunswick defeated the Britons 10 to 9.

#### R. & A. A. BEAT ARGOS.

By Bulletin Leased Wire.

TORONTO, Jan. 2.—Argonauts' mood did the unexpected at the arena tonight. The O. & A. A. beat the champion Britons 10 to 8. A. seven, T. H. and A. W. won to 7 to 4, but the score is no indication of the meet.

### NEXT WEEK AN ACTIVE PERIOD IN ALBERTA'S HOCKEY WORLD

Games Scheduled in Senior Divisions Should Strongly Indicate the Probable Winners—Four Games Will be Played During Week

Next week is going to be an exceptionally active week in the hockey world. It will see the most real soap on the teams. In the first place the Calgary strength will be tested when the Red Wings and Dominions play in Cowtown. In the northern division the Pennants will have beaten the South side, and there seems to be no doubt about that.

The schedule for the week is:

Monda...Dominions at Centrals.

Tuesday...Pennants v. Varietys.

Wednesday...Eskimos v. Chipmunks.

Friday...Pennants v. South Side (Pembina header).

With the playing of all these games, the Pennants will be much superior to the Centrals that they are the only dangerous teams left in the senior division for the Dominions on Monday evening.

The Eskimos are in good condition, and will be much safer so severe a setback that will have difficulty in making up.

In the Northern division,

the northern division the game between Varietys and the Chipmunks will be the most important to the fans, in that it will give them a good idea of the strength of the two best clubs at the moment.

It was a very busy Saturday evening coming from the tryout on New Year's night victorious, and where they will be able to do their best. The Chipmunks are much superior to the Centrals that they are the only dangerous teams left in the senior division for the Varietys on Monday evening.

On Wednesday, January 7,

the Pennants will be in first class condition for the college game. Last night both sides had a hard work at the south side rink, followed by a good round of the handshakes.

The boys are all in good condition now, and are improving with every practice. Should the ice be as fast as for the New Year's game, a faster contest will

be staged. The Pennants worked out to top speed last night, and will be equal to the Varietys, but faster than the Varsitys' speed. Jimmy Hill was out with the shoulder, and will likely be played as a spare man.

The Varsity team will prove to be the best in the league. Lopatin and Petz are the most dangerous men on the team, and the conviction of opinion is that the Varsitys' strength is very strong.

The Varsity aggregation will have a worked today at the South side rink, and will be in the best of condition for the fray.

Friday of next week will witness the final meeting of the Chipmunks and seniors and intermediates and Pennants seniors and intermediates at the centurians.

#### MUST LIVE INEXPENSIVELY.

Perhaps the most important of the "athletics" of the A.A.C. in New York recently deals with the scoring for a point trophy.

The scoring shall be on a scale of 100 points, with first and third, respectively, according to the plan now proposed. Should two or three teams be tied for first in the club with the most first shall be declared the winner, and should it happen that two or three teams are tied in the club with the most third can claim the trophy. Events not on the program will not count, neither can novice in future, when an athlete resigns, have to pay for his services.

Athletes, too, will have to be more careful about their expenses. No "athletic" expense will be allowed, and only transfers railroad fare and bus fare will be allowed.

The meals are not to exceed \$1.00 each. If the meal should happen to be more than the distance of the athlete's home he will not be allowed to charge any railroad fare or other expense.

For swimming, the sanction fee shall be \$5 in June, and if the meet is paid in advance, \$10. Chipmunks will be allowed to swim in the rink.

There were some thousands of battles in the ring last year, but the number of fights, he having 21, on nearly one every two weeks. Freddie Welch had 10, and Jack Brophy 12.

Two Jeanets are a few of the most popular ones.

## TO CUT OUT BELT LINES; NEW ROUTING OF STREET CARS IS RECOMMENDED

Superintendent Woodroffe Reports the Routing in Operation Since November 15th Has Proven Failure Financially—Changes Now Proposed Expected to Effect Big Saving and Improve Service Offered Traveling Public.

(From Evening Edition). Radical changes in the routing of cars on the street railway system are contemplated by the city, according to Superintendent Woodroffe to the city commissioners. The report was received at City Hall yesterday and referred to the finance committee. The re-routing put into effect Nov. 14th has not been a financial success and responsibility for this is laid at the door of the belt lines. In those the superintendent says the service has changed. He states that the receipts per car mile under the routing in effect since Nov. 15th have been less than anticipated and old systems are anticipated that when the changes were put into effect, they would be more than the new ones. The figures of the number of cars in operation can be cut down by ten, the making of which will add \$100,000 a day and that the service offered the traveling public will be equal if not better than that provided under the present system.

The changes in the routing now recommended are:

Route 1: Packing Plant to 24th and Alberta, via Alberta, Kirkness and Samson.

This route will remain exactly as it is at the present time and the service will be 15 minutes starting from 6 a.m. and ending during the peak loads, morning, noon and night.

Route 2: Low Level to Highland.

This route will run from 4th avenue south, McKechnie's Lakes, and run via White, Fifth street, east, Sutherland, Jasper and First, and Jasper to Highlands. A 15 minute service will be maintained on this through route. At the present time the low level cars can run Syndicate Avenue and down Namao. Up to the present time the cars on Syndicate and Namao are very light and not sufficient to warrant keeping them.

The Highlands service is such that it warrants a 15 minute service during the present part of the year, but during the winter months Highlands is getting a half-hourly service with a 15 minute service during the month and a 20 minute service during the rest.

Route 3: East End Bell.

We propose to do away with the end and the middle sections of this route, forming a figure eight and runs on Alberta, Kirkness, Spruce, Bowles and White, and the outer loop taking a 25 minutes service. We propose to make a new route entirely in place of the present one, giving a good car service by the through cars from the packing plant to the west. The new route will run from 25th street and Ghost streets via Nelson, First and Ghost streets via Alberta, Bowles and Alberta.

This route would have a 15 minute service which would give the service mentioned exactly the same service as they are getting at the present time.

Route 4: High Level.

The High Level service will remain practically the same as it is at the present with the exception that the cars will run from 4th Avenue and Boulevard instead of Sutherland as they do at present. We would also turn the cars around at the corner of Fifth street east and White avenue. For a 12 minutes service Fifth street east and White avenue is not a proper

place to turn alternate cars back to the Bowline Division. This makes it difficult to turn the cars in their present places; it is the intention to serve the Bowline Division with a stub line from Fifth street east to the terminal.

I find that this stub service would meet the requirements of Bowline Division better than a through line owing to the number of passengers arriving at Fifth street east for the low level route even when riding on the high level route. It would have a 12 minutes service during the non-rush hours, with a 25 minutes

route 5: Highlands.

This route would be done away with as it is the same as the one combined with the low level. In place of this we propose to put in a new route from 4th Avenue and Bowles to Bowline Boulevard via Jasper and First. We find that there are not sufficient passengers—He had held pastorate in Victoria, B.C., and was famous for conducting raids on drug and liquor houses in Western and Eastern Canada.

First street north of Nelson to war-

front more than a half hour service.

Destroys and torpedo boats are

the specialties of the German con-

tractors, said Mr. Yarrow.

It is believed that the people of Cana-

da desire of building a navy and

destroyers of the type mentioned

at a reasonable cost, he does not be-

lieve that the Germans will go to Europe

to have them built.

He pointed out that it was impor-

tant that the German con-

tractors be given the contract

and that the British Government

should be asked to let him have

the contract.

For many months the opinion has

prevailed among a number of busi-

ness men in the town that the fi-

nancial affairs of the town could be

improved more efficiently than has been

done by the removal of the rail-

way to this effect to Mr. Wood,

he acted in retiring from office.

Mr. Wood has been asked to

hold a meeting on Monday, as it is expected

that the names of A. J. Szwarc, man-

ager of the Canadian Bank of Commerce, and F. E. Palmer, present deputy

mayor, will be named as possi-

ble candidates for the vacancy.

## GREAT SHIPBUILDING FIRM TO ESTABLISH ON PACIFIC COAST

A. F. YARROW, a Famous Clyde  
Firm, to Open Yards at  
Esquimalt

### WILL BE READY TO BUILD CANADA'S NAVY

Says Present Day on Shipbuilding  
Materials Should Be  
Removed

Victoria, Jan. 1.—A. F. Yarrow head of the great shipbuilding firm bearing his name and operating on the banks of the Clyde, Scotland, has decided to establish yards on the Pacific coast and intends to establish a branch of his world-famous yards at Esquimalt, Victoria, where he believes the government dry docks at Land's End have been greatly instrumental in influencing his decision to establish a branch of his firm here.

He believes that this point

is the proper site for ship building combi-

ned with naval construction.

Destroyers and torpedo boats are

the specialties of the German con-

tractors, said Mr. Yarrow.

It is believed that the people of Cana-

da desire of building a navy and

destroyers of the type mentioned

at a reasonable cost, he does not be-

lieve that the Germans will go to Europe

to have them built.

He pointed out that it was impor-

tant that the German con-

tractors be given the contract

and that the British Government

should be asked to let him have

the contract.

For many months the opinion has

prevailed among a number of busi-

ness men in the town that the fi-

nancial affairs of the town could be

improved more efficiently than has been

done by the removal of the rail-

way to this effect to Mr. Wood,

he acted in retiring from office.

Mr. Wood has been asked to

hold a meeting on Monday, as it is expected

that the names of A. J. Szwarc, man-

ager of the Canadian Bank of Commerce, and F. E. Palmer, present deputy

mayor, will be named as possi-

ble candidates for the vacancy.

NOT IN CHINESE SOAP

## PALESKOVSKI FEARS RUSSIAN NIHILISTS

Denver, Jan. 2.—Frederick Brun-

ninghouse returned to London yester-

day from Italy after descending the

Apennines to take pictures of

taking cinematograph pictures.

With two Italian assistants he made

one point for twenty minutes each

and covered the entire range of the

Apennines in 100 feet.

With the help of a local guide he

climbed to 10,000 feet.

At a depth of 1,200 feet he found

the first waterfall in the Apennines.

Then they went into the crater of

another 200 feet, remaining

there only long enough to cover

the mouth and then went up the

side of the mountain.

He declared he was too ill to

go up again.

Mr. Pale-skovski said to-night

the real reason for his husband's departure was that he

had been compelled to leave

the country because of his wife's

illness.

Progressive efforts to regulate the sale of liquor with the ultimate object of getting rid of it all together are to be started immediately by the new purity league champion.

The proposal has not been considered recently.

## AWARDED

Medal and Diploma for Superiority over all competitors at the great World's Fair and at all fairs and expositions wherever exhibited.

**DR. PRICE'S CREAM BAKING POWDER** is the one great baking powder, for over half a century known and celebrated for its purity, strength, and keeping quality. Its use assures the food against alum and all forms of unwholesome adulterations that go with imitation, low grade brands.

## NEW STEAMSHIP LINE TO CANADA

Big Japanese Line to Establish a Regular Service Between Japan and Canada

Montreal, Jan. 2.—Sir William MacKenzie, president of the Canadian Northern railway, Lady Mackenzie, Sir Donald and Mrs. MacKenzie, and D. B. Hanna, third vice-president with a large number of Canadian officials, arrived in Winnipeg this afternoon at 3 o'clock on the Canadian Pacific train from Artaig. Sir William's announcement from here so far are as follows:

### PEACE NOW IN VENEZUELA

Caracas, Jan. 2.—Sir William MacKenzie, president of the Canadian Northern railway, Lady MacKenzie, Sir Donald and Mrs. MacKenzie, and D. B. Hanna, third vice-president with a large number of Canadian officials, arrived in the capital today after an absence of five months. He brought with him the army of 7,000 men which had been engaged at San Juan, Venezuela, during the recent disturbances, which were caused by General Cipriano Castro, the former dictator, who endeavored to cause a revolution. The soldiers marched through the principal streets of Caracas, cheering and shouting. Miraflores Palace, where the members of the foreign diplomatic corps had gathered to offer their New Year's greetings, was quiet.

Montreal, Jan. 2.—John Larney White, ex-engaged by a private de-

rivative, was sentenced to 10 years

for the new line will be eight thousand.

## AROUND THE CITY

(From Executive Editor.)  
The North Side telephone office  
is being demolished today. In future all telephone business will be transacted at the North Side office.

AM 1913 C. P. R. telegraph passes  
and traffic is now cleared up at  
January 1, 1913, when the supply  
for 1913 will be available.

The City Clerk of Saskatoon has  
written asking the rates of pay of  
police and firemen in Edmonton, also  
the rates of pay of street car moto-  
rmen and conductors.

The Board of Survey Commissioners  
have forwarded the formal ap-  
proval of the application of P. Burns  
Company for the opening of P. G. T. right-of-  
way at rail level.

Low Level Bridge Repairs—Repairs  
required this year to the low-level  
bridge are estimated to cost \$2,200, to  
be paid out of current funds. A \$1,000  
New wood block paving is needed for  
the east side of the bridge.

Kirkness Street Lighting.—The city  
commissioners will themselves visit  
the Kirkness area and make a survey  
on Kirkness street to investigate a  
complaint that this section of the city  
is entirely lighted.

Water Experts' Account.—The long  
outstanding account of the water ex-  
perts, Moers, Ross, Francis and Lea,  
enacted on paper on a bill of exchange  
summed up to \$10,000, and which  
amounts to approximately \$20,000, is  
to be paid out of current funds.

The City Clerk of the city com-  
missioners. This report was submitted  
in December 1912.

Sores and Works Report.—The new  
city stores and works building, Kirk-  
ness street, is now ready for occupancy,  
and the office staff of the department,  
with the exception of the chief engineer  
for the building has not yet reached  
the city and till it is installed, the  
work will not be done.

L. Delin Paid \$90.—Superintendent  
Lindholm, of the St. Paul Works  
here, has been given a check by  
members protesting against the em-  
ployment of a young man to keep up  
the office work while he is building  
a house at a salary of \$90 per month.  
The time required to keep up the  
office work while he is building  
is employed is being paid at the rate  
of thirty cents per hour for a ten  
hour day.

Centenary Meeting.—  
Meeting of the Edmonton branch of  
the Canadian Peace Centenary Asso-  
ciation has been called by George M.  
Hall, president, for January 25, at eight o'clock, in room  
103, Civic Building. This meeting is  
for the purpose of organizing the  
peace committee on a permanent  
basis.

Pardale School Cracks.—The  
cracks which have recently appeared  
in the walls of the Parkdale public  
school are reported by Building Super-  
intendent Smith to be due to settling  
of the ground. The cause of the cracks  
has presented an exhaustive report to  
the commissioners dealing with each  
of the cracks. The cracks will be  
healed as far as possible to measure.

J. G. Kelly and N. W. Purcell, who  
are building on Fourth street, are  
asking the city to reimburse them for  
the additional cost of putting in  
hastings to change the rain  
water lead on the buildings. When  
the plumbing was being done in  
the fall of 1912, the pipes were large enough  
to accommodate rain-water from the  
buildings, but since then the pipes  
have been enlarged and rain  
water leads connected up.

BACK FROM FORT GEORGE.—  
W. E. Hammond, 17, Lemarchant  
Manor, has just returned from a  
two week's visit to Fort George, West  
Africa. He left Edmonton on the  
steet of the T.P. & W. The trip was within 20 miles  
of the town. Men were busy erecting  
a temporary bridge over the Fraser  
river.

TURKEY'S PURCHASE  
DISTURBS BALANCE  
OF NAVAL POWER

New Dreadnaught Is Being Se-  
cured to Make War on  
Greece

London, Jan. 3.—The purchase by  
Turkey of two British dreadnaughts  
from the Royal Navy has caused a  
shock to the world. With the opening  
of spring, however, business will bright-  
en again. High freight rates are at pre-  
sent high. Merchants and farmers will be able  
to get along with the completion of the railway  
merchants, which will greatly facilitate  
farming and mining operations.

The City Clerk of Saskatoon has  
written asking the rates of pay of  
police and firemen in Edmonton, also  
the rates of pay of street car moto-  
rmen and conductors.

IN THE POLICE COURT.

In the police court this morning, a  
young woman named Alice Johnston  
was charged with having stolen  
the amount of \$900 from C. McNeely.  
The goods she is alleged to have  
stolen consist of a diamond ring, a  
silver bracelet and comb, a writing  
desk and several toilet articles. She  
remained for a week, as the prosecut-  
or did not have time to get evidence.

Bill Potts, defence attorney, with  
vagueness, told the magistrate that she  
was under the hypnotic influence of a  
man named John Graham, who had  
stolen \$500 and costs.

John Graham, who pleaded guilty  
to having stolen \$500 and costs, was  
sentenced to one month's imprisonment.

He was convicted of passing a  
stationary street car at an un-  
authorized time and fined \$50 and costs.

Alma Anna, found guilty of selling  
cigarettes on Sunday, was fined \$25  
and costs.

**NORTHERN WEATHER REPORT.**  
January 2, 1914.

Muir Landing—Clear and calm;  
below: Slight wind.

Sawridge—Clear and east wind;

Grade Prairie—Cloudy and calm;  
below: Slight wind.

Lake Saskatchewan—Cloudy and calm;  
below: Slight wind.

Spirit River—Cloudy and calm;  
below: Slight wind.

Winnipeg—Cloudy and calm;  
below: Slight wind.

Athabasca—Clear and calm;  
below: Wind.

Pine River—Crossing—Clear and calm;  
wind: S below.
